## LED Light Bar

High efficiency LED grow light designed to optimize plant growth for leafy greens, micro greens, herbs, flowers, and vegetables.

### APPLICATIONS & FEATURES

Vertical farming, Leafy greens

Excellent uniformity 6" from the canopy

Simple wiring and daisy-chaining

0-10V Dimming

External Driver

5-year warranty

### SPECIFICATIONS

30W per light bar

3.5  $\mu\text{mol}/\text{joule}$  Efficiency

105  $\mu\text{mol}/\text{sec}$  Light Output

120V-277V Input Voltage

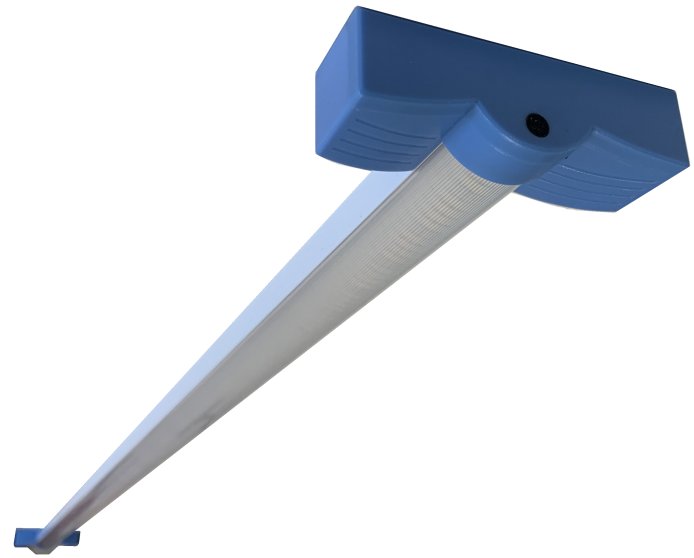

Power Factor > 0.9

Dimensions (L x W x H): 47.2" x 0.9" x 1.1"

40,000 Hour Lifetime (Q90/B20)

40C max ambient temperature

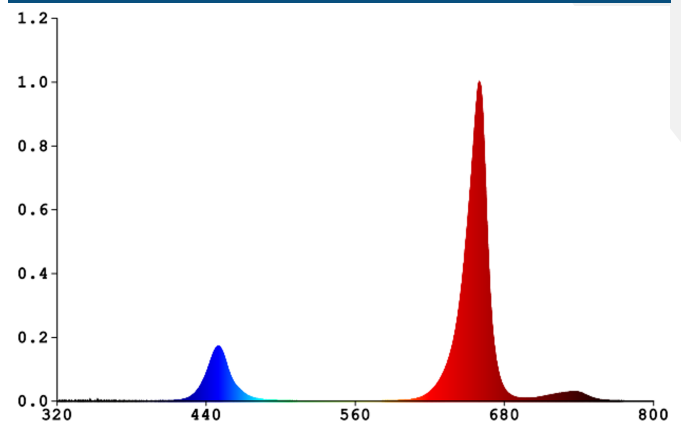

IP66, ETL, CE, UL8800

### Daisy Chaining

### SPECTRUM: Blue, Red, Far Red
